Valley Forward Environmental Excellence Awards.

Glendale Park + Ride. Glendale's first park and ride recently picked up a major accolade at the Valley Forward 28th Annual Environmental Excellence Awards.

The Valley Forward Association recognized the new park and ride for its innovative environmental design by awarding the city of Glendale an Award of Merit in the Site Development and Landscape category for Industrial and Public Works.

The Glendale Park and Ride, located at 99th and Glendale avenues, was designed to operate as an express bus transit facility and a local transit stop, which serves riders along Glendale Avenue.

The facility includes parking canopies, passenger walkways, shelters at Glendale Avenue, a security building with security cameras and a platform. Various "green" engineering techniques were applied in this project, making it an example project for architects and engineers around the country. [Read more.](#)

Glendale Outdoor Environmental Classroom. The Glendale Main Library's unique combination of the environment and education has been celebrated for its efforts. The library was recognized at the Valley Forward Association's 28th Annual Environmental Excellence Award Ceremony for its Art in Public Places.

The Valley Forward Association presented the city of Glendale Library with the Crescordia, which was given as the highest honor in the category of Art in Public Places for its modern and functional architecture intertwined with impressive landscape. The classroom was designed by Matthew and Maria Salenger of coLab Studio.

Children and adults can learn about the beauty and importance of the natural Sonoran desert at the Glendale outdoor environmental classroom. The artwork bends itself to the forms of the existing landscape.

The outdoor classroom is part of the Glendale Xeriscape Demonstration Garden, which features 400 species of low-water-use plants.
