Citizens Invited to Learn About Proposed Budget Reductions at Community Meeting. Glendale residents are invited to attend a public meeting to hear about proposed reductions to the city's General Fund budget. The meeting is Tuesday, Oct. 30 at 6 p.m. at the Rose Lane Recreation Center at 5003 W. Marlette Ave. Residents will hear about the impact of the proposed reductions and have the opportunity to meet with city staff to ask questions and provide comments. The proposed budget reductions are part of several financial scenarios, including the city's temporary sales tax increase. Visit www.glendaleaz.com/knowthefacts for the list of proposed cuts and to view video interviews with key staff members, including the police and fire chiefs as well as the budget director, who provide more in-depth background on the impact of the proposed cuts.

Glendale Provides Tips for Healthy & Safe Halloween Night. The Glendale Fire Department wants residents to have a "spooktacular" Halloween night and is reminding families of fire prevention measures and the safety message, "Be Safe, Be Seen."

Halloween Safety Measures:

- If trick-or-treating, please remember to wear something reflective. *Through the end of October, the Glendale Transportation Department has partnered with Glendale Libraries to offer reflective bags for trick-or-treating and reflective stickers to apply to costumes. These items can be picked up at any of the three city libraries and are free while supplies last.*
- Drivers should stay on alert, especially in residential neighborhoods.
- Make sure costumes fit to increase the mobility and visibility of children wearing them.
- Children should be reminded not to run and to use crosswalks or street corners after looking both ways.
- USA Safe Kids suggests children under the age of 12 be accompanied by an adult.
- Check all treats before they are eaten and report anything suspicious.
- For the purpose of lighting jack-o-lanterns, use a flashlight or a liquid light that glows after it bends, not candles.
- Purchase only costumes, wigs and props labeled flame-resistant or flame-retardant. When creating a costume, choose material that won't easily ignite if it comes in contact with heat or flame. Avoid billowing or long trailing features.
- Dried flowers, cornstalks and crepe paper are highly flammable. Keep these and other decorations away from all open flames and heat sources, including light bulbs, heaters, etc.
- Remember to keep exits clear of decorations, ensuring nothing blocks escape routes.
- Use flashlights as alternatives to candles or torchlights when decorating walkways and yards. They are much safer for trick-or-treaters, whose costumes may brush against the lighting.
- Instruct children to stay away from open flames or other heat sources. Be sure children know how to stop, drop and roll in the event their clothing catches fire. (Stop immediately, drop to the ground, covering your face with your hands and roll over and over to extinguish flames.)
- Instruct children who are attending parties at others' homes to locate the exits and plan how they would get out in an emergency.
- Provide children with lightweight flashlights to carry for lighting or as part of their costume so they can be seen while walking in neighborhoods.
