The City of Glendale is updating its Transportation Master Plan, and wants YOUR input! The Plan will define how the City's transportation system will improve and change over the next 25 years, how investments will be prioritized, and how decisions will be made-to ensure that Glendale continues to provide and plan for its residents, businesses, and visitors' transportation needs.

Please visit www.glendaleaztmp.com and click on "Survey" along the Navigation Bar at the top of the home page to complete a short survey about Goals, Objectives, and Priorities related to transportation in Glendale.

The transportation system is important because it is how we get to and from school, work, shopping, medical appointments, entertainment and recreational opportunities, and more! The Transportation Master Plan 2015-2040 will address all modes-vehicular, non motorized, transit, and aviation. The more that residents, businesses, community and professional organizations, and other entities that use the transportation system in Glendale are involved in the development of the Transportation Master Plan 2015-2040, the better the Plan will be.

Please feel free to share the link-and Thank You for your input!!
