Recent Changes to Sky Harbor Flight Paths. On September 18, 2014 the Federal Aviation Administration (FAA) implemented changes in flight paths to and from Phoenix Sky Harbor International Airport as part of its effort to streamline departures and arrivals using satellite-based navigation. Since then, Phoenix Sky Harbor and the Federal Aviation Administration have received questions and complaints about the changes.

The city of Glendale Airport held a public meeting to discuss the recent changes to the Phoenix Sky Harbor Airport flight paths. The meeting was held on March 4, 2015 where Representatives from city of Glendale presented information and discussed how the changes may affect Glendale residents. Representatives from the cities of Glendale and Phoenix held a question and answer session following the presentation.

Additional information on the flight path changes and FAA regulations can be found [online](#). Residents can also contact the Glendale Municipal Airport by calling 623-930-2188.

Urban Irrigation Season Begins in Glendale. The city of Glendale will resume the annual private property flood irrigation service beginning in April. Service will begin in a limited delivery area on Monday, April 6 for properties on the east side of 59th Avenue and on Wednesday, April 8 for properties on the west side of 59th Avenue.

Urban irrigation is a remnant from an earlier era when Glendale was known for its agriculture and farming. The vast majority of water customers in the Valley and Glendale now receive potable (treated) water only from a municipal delivery system. Urban irrigation refers to the direct delivery of non-potable (raw; untreated) Salt River Project (SRP) irrigation water to locations in urbanized areas. Urban irrigation from open or underground ditch systems for outside landscaping takes place in a small area of downtown Glendale.

Residents in the urban irrigation service area may call customer service at (623) 930-2288 if they wish to receive service and to verify that their property is in compliance with city irrigation specifications. In the case of a service related emergency after 5 p.m., please call (623) 930-3190.

At the time of sign-up residents connected to the urban irrigation system have the option of either paying the annual fee in one lump sum or the convenience of being billed in seven monthly payments.

If you are interested in knowing more about urban irrigation, call the Water Services Department (623) 930-4100 or visit their website at <http://www.glendaleaz.com/utilities/>.
