## Final Public Meeting to Learn About Proposed Budget Reductions — Oct. 30.

Thanks to all the Glendale residents who have attended the recent public meetings regarding proposed reductions to the city's General Fund budget. The last of the four meetings will be held at 6 p.m., Tuesday, Oct. 30 at Rose Lane Recreation Center, 5003 W. Marlette Ave.

In addition to the community meetings, residents can view a list of the proposed cuts at [www.glendaleaz.com/knowthefacts](http://www.glendaleaz.com/knowthefacts). A link to video of the September 25 special workshop on this topic is also available on the site.

The proposed budget reductions are part of several financial scenarios, including the city's temporary sales tax increase.

### Dear Cactus District Residents,

As you may have heard, I am retiring as of October 30. Twenty years ago you granted me the extraordinary privilege to serve as your City Councilmember. Throughout the years, I have been overwhelmed by the support that the residents of Glendale's Cactus District have shown to me – and for that, I thank you all.

Much has changed since I was first elected in 1992. During that time, I have strived to honor the trust that you placed in me and to live up to the promises that I made to you. I wish all the best to my successor and to all who will be making the grand decisions on the future of this wonderful city of Glendale.

Moving forward into the next chapter in my life, I want to thank you for giving me the opportunity to serve as your councilmember. I have enjoyed *most* my time in office; but I have enjoyed getting to know *all* of you.

It has been my honor and pleasure to serve you,

Phil

**Glendale Receives AZ Tree Council Award.** The City of Glendale Conservation and Sustainable Living Program received an award from the Arizona Community Tree Council (ACTC) for the Glendale Tree Trail, which was installed at the city's Xeriscape Garden recently.

The newly-constructed Glendale Tree Trail project provides a location for educational programs for homeowners, training opportunities for municipal staff, and a tree resource page on the City's website, found at [www.glendaleaz.com/trees](http://www.glendaleaz.com/trees). The project was funded by a Council-approved grant from the Bureau of Reclamation.

This award was recognized in ACTC's volunteer category. Volunteers are vital to this program, expanding the division's staffing capacity and acting as garden ambassadors by providing tours of the Xeriscape Demonstration Garden and Tree Trail, helping with ongoing garden maintenance, and offering support at special events. As a Tree City USA, the city of Glendale hosted a Tree Trail Opening/Arbor Day celebration this past April. At the celebration, volunteers assisted with education and distribution of more than 100 trees.

For additional information on this program, visit [www.glendaleaz.com/trees](http://www.glendaleaz.com/trees).
