Ian Hugh Appointed to City Council. The Glendale City Council voted unanimously to appoint Ian Hugh to fill the vacant council seat in the Cactus District at its evening meeting on Tuesday (Nov. 27).

Hugh was sworn into office on Wednesday (Nov. 28) and will be attending the Council's next workshop meeting as Glendale's newest councilmember on Tuesday, December 4.

The City Charter requires the Council to fill vacancies for unexpired terms of the mayor and councilmembers. Phil Lieberman, who previously held the council seat, resigned in October.

Earlier this month, Hugh was elected as the new councilmember for the Cactus District. Thus, after he finishes his appointed term created by the vacancy, he will once again be sworn into office on January 15, 2013 – along with Mayor-elect Jerry Weiers and Councilmembers-Elect Sam Chavira and Gary Sherwood – to begin his four-year term.

Hugh, who was born and raised in Glendale, previously served on the City Council from 1986 to 1991 and served as vice mayor during his last two years in office. He has served as a member of the Glendale Union High School District School Board for the last eight years; the last two years as the school board's president.

Hugh and his wife, Sharon, own Ian Hugh Tire and Auto at 51st Avenue and Glenn Drive.

Glendale Firefighters' 11th Annual Holiday Toy and Clothing Drive. For the eleventh straight year, Glendale firefighters are putting on their Santa hats to host a clothing and toy drive for Glendale Elementary School District children in need.

Firefighters are asking residents to donate new toys and new clothing for this effort. The items in need include: socks, underwear and jackets (for all ages), plus blankets, pillows and toys. The need is greatest for ages six to 14.

The new clothes and new toys will be given to families who are part of a special wish list in the school district, as provided by the schools' nurses and social workers. Last year, Glendale Firefighters assisted more than 500 families and collected more than \$60,000 worth of new clothing and toys for families in need.

Firefighters will collect donations on three Saturdays: Dec. 1, 8 and 15, between 10 a.m. and 4 p.m. at the K-Mart at 67th Avenue and Bell Road. In addition, drop off sites have been set up at all nine Glendale fire stations and the Glendale Fire Marshal's Office.

For more information regarding the Holiday Toy and Clothing Drive, please call 623-930-4400.

Holiday Decorations Increase Risk of Fire. Now that Thanksgiving is over, a majority of people's attention will turn to the heart of the holiday season. As residents begin hanging holiday lights and decorations, many of them do not realize that these decorations dramatically increase the risk of fire at their home.

According to the National Fire Protection Association (NFPA) and the U.S. Fire Administration (USFA), an estimated 240 home fires involving Christmas trees and another 150 home fires involving holiday lights and other decorative lighting occur each year. Together, these fires result in 21 deaths and \$25.2 million in direct property damage.

The Glendale Fire Department encourages everyone to follow the simple safety tips listed below to ensure a safe and happy holiday season.

- Check holiday lights, even new ones, for damage. Lights packed in small containers may have frayed wires, gaps in the insulation, or broken or cracked lights. Always return or throw away any set of lights that are damaged.
- Use only lighting listed by an approved testing laboratory.
- Never link more than three light strands together, unless done by a professional electrician.
- Check your lights on a daily basis to make sure they are cool to touch. They should never get warm.
- When leaving your house, always unplug internal and external holiday lights.
- All decorations including Christmas trees should be nonflammable or flame retardant.
- Make sure decorations do not block exits.
- Never leave a candle burning unattended.
- Keep candles clear of curtains, decorations and other combustibles.
- Open flames like candles should never be on or near a Christmas tree.
- Do not burn holiday wrapping paper in the fireplace because the coating on it could cause a flash fire.
