**Dust Off Your Sneakers to Maintain Quality of Life and Independence.** The American Heart Association states that the older people become, the more they need regular exercise. Working out helps prevent bone loss, increases muscle strength, improves balance and coordination and increases the ability for basic living that helps maintain quality of life and independence in the mature years. This is why the city of Glendale is encouraging those with health plans offering SilverSneakers® benefits to take advantage of Glendale's Foothills Recreation & Aquatics Center as their preferred SilverSneakers® location. SilverSneakers® is offered to seniors to help them take greater control of their health by encouraging physical activity and offering social events.

By choosing Foothills as their preferred location, members receive a free Foothills Pass membership, which allows the use of the fitness area and exercise equipment, the indoor jogging/walking track, open gymnasium hours, aerobics classes, the indoor racquetball courts, the rock climbing wall and scheduled lap swimming. There is no additional cost to eligible members.

Setting up the SilverSneakers® benefits at the Foothills Recreation & Aquatics Center is easy. Just bring the healthcare information to be verified on the spot, or, if it has been verified already, just bring the SilverSneakers® member ID card. Additionally, a physical activity waiver must be filled out. Staff will set up the Foothills Recreation Pass at that time.
