- V. **Possible Relocation of the Foothills Branch Library and Expansion of Library Services – 90 minutes**

Summary: In light of a potential partnership opportunity that has been presented to the City by Midwestern University and as a part of the City's ongoing efforts to explore new and improved service models and assess its assets, the Community Services Department recently conducted an internal staff review of the Glendale Public Library System. This review included a statistical analysis of use patterns, the identification of library trends and the type of library media used by library patrons. One of the opportunities discussed is the possible relocation and transformation of the Foothills Branch Library into a high-tech "Library and Technology Center" at the Foothills Recreation and Aquatics Center. Staff will present this concept to the Parks and Recreation Advisory Commission and will answer any questions it may have.

Recommendation: Review, discuss and provide direction to staff regarding this concept.
