

Legislative Link Update **Week of January 28 - February 1, 2013**

Thank you for continuing to participate in Glendale's Legislative Link program. This program is intended to connect you to the legislature and keep you informed of the bills that may impact your neighborhoods. Through this program you will receive weekly emails summarizing the legislature's activities along with a list of bills we have identified as potentially impacting your neighborhoods. As always, if you have questions on a particular piece of legislation or simply want a refresher on the legislative process, the Glendale Intergovernmental Programs team is available to assist. If you have neighbors or friends that would like to join our mailing list please feel free to forward their contact information to our office.

The 51st Legislature, 1st Regular Session convened on Monday, January 14th. As customary on opening day, Governor Brewer offered her state of the state address and policy agenda for the upcoming session. The Governor's speech focused largely on her proposals to improve Child Protective Services (CPS) and increase K-12 education funding and standards and her proposed expansion of the Arizona Medicaid program. Specifically, the Governor's policy agenda reinforces her commitment to her "Four Cornerstones of Reform" package which seeks to: improve Arizona's economic competitiveness; bring needed reforms to K-12 and higher education; modernize state government; and renew federalism. [Click here to review her speech to the Legislature](#) and [click here to review her policy agenda titled, "The Four Cornerstones of Reform: Building a Framework of Effective and Responsible Governance."](#)

On Friday, January 18th, the Governor released her budget proposal for the upcoming fiscal year (FY 2014). In summary, FY 2014 shows a reduction in state revenue largely because of the loss of revenue associated with the expiration of the temporary 1 cent sales tax increase. On the expenditure side, the Governor is proposing to increase total state spending from \$8.5 billion in FY 13 to \$8.9 billion in FY 14. This increased spending would fund additional CPS caseworkers, the implementation of higher standards and performance based funding for K-12 schools, and the proposed expansion of Arizona's Medicaid program. An electronic version of the Governor's proposed budget can be found [here](#).

This week's legislative activity has been relatively light. Most committees met only to consider a couple of bills or adopt rules, make introductions, and hear agency presentations.

As we review the massive number of bills introduced we will compile a list of bills that we think may impact our neighborhoods and send that out to you. The attached list includes a summary of introduced bills that may be of interest to you. The following bills are scheduled for a committee hearing during the upcoming week:

H2124:FIRE DIST REORGANIZATION ELECTIONS

Hearing: House Rules (Monday 02/04/13 at 1:00 PM, House Rm. 4)

H2281:FORECLOSURE; TENANT NOTIFICATION
