PG1 of 1

Date: June 2, 2021

To: Mayor and Council

From: Lisette Camacho, Director, Budget and Finance

Subject: Monthly Financial Report for FY20-21

## Mayor and Council:

Attached is the Monthly Financial Report for Fiscal Year 2020-21 through February 2021. This report contains budget to actual comparisons of all the major operating funds, year-to-date department expenditures, and highlights major variances that may require additional monitoring or action. As a general guideline, revenues and expenditures are on target through February if they are close to 67% of the annual budgeted amount.

## REVENUE PERFORMANCE INDICATORS

In the table of contents, you will see Favorable, Unfavorable, or Monitor revenue performance indicators. A Favorable indicator means the actual year-to-date revenues are within 2% of their **3-year historical trend**. Monitor means revenues are 2% to 5% lower than the trend and Unfavorable means revenues are 5% or more lower than the trend.

#### EXPENDITURE PERFORMANCE INDICATORS

In the table of contents, you will also see Favorable, Unfavorable, or Monitor expenditure performance indicators. A Favorable indicator means the actual year-to-date expenditures are within 2% of the calculated **year-to-date budget**. Monitor means expenditures are 2% to 5% over the budget and Unfavorable means expenditures are 5% or more higher than budget.

## **SUMMARY**

Overall, revenues for the major operating funds show consistent financial results when compared to the budget. City Sales Tax Revenues are above target as a result of growth in construction and retail sales tax revenues. Transportation sales tax revenues are above target when compared to the budget, but lower than the three-year historical year-to-date average. Expenditures either remain on track or are less than budgeted due primarily to unspent capital projects funding and salary savings from vacancies and a hiring freeze. Staff will continue to monitor the actual results and prepare a monthly financial analysis.

Cumulative Revenues through February 2021

Through February 2021, Water Service expenditures are significantly below target at \$64.6M, or 53.6% of the annual budget. This is primarily due to \$61.8M in budgeted capital expenditures, but only \$28.7M or 46.4% have been spent at the end of February. Capital expenditures are typically spent unevenly throughout the fiscal year.

Personnel Services are below target at \$14.1M or 61.5% of the annual budget. Services and supplies are also below target at \$16.3M or 58.1% of the annual budget.

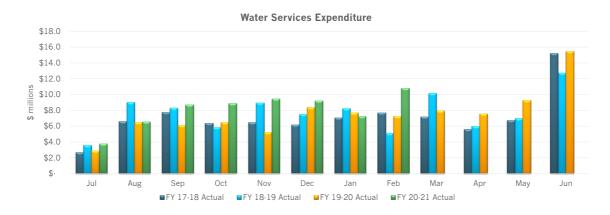

Internal Charges are above target at \$5.5M or 71.3% of the annual budget. The total annual Risk Management and Worker's Compensation internal charges were recorded in July.
