

**Advance Auto Parts, Glendale Police Department Announce Roadway Safety Program**  
*“Advancing Our Roads” initiative helps motorists address vehicle equipment issues during the holidays and beyond*

**Raleigh, N.C. and Glendale, Ariz. (Dec. 18, 2023)** – Advance Auto Parts (NYSE: AAP), a leading automotive aftermarket parts provider, is teaming up with Glendale Police Department to launch a program that promotes roadway safety for local motorists. The announcement will be made at 10 a.m. on Wednesday, December 20, at Advance’s store in Glendale on 5051 North 83<sup>rd</sup> Avenue.

Alongside Glendale Police, Advance’s store team will announce a gift card donation of \$2,500 to launch the program. When an officer observes a minor vehicle equipment infraction such as a nonfunctioning headlight, signal light or taillight, they may choose to issue a \$25 gift card to the motorist, encouraging them to use the card to safely repair their vehicle.

“Our Advance team is thrilled to partner with Glendale Police to promote safer roadways, especially as the holiday season is upon us,” said Adrian Figueroa, Advance’s district manager. “Minor equipment issues can create major hazards, so we’re hopeful that these gift cards can help with necessary vehicle repairs while also providing a positive and uplifting interaction between law enforcement and local motorists through the holidays and into the new year.”

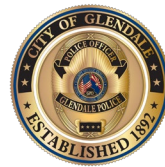

While Advance debuted the program in 2020, it’s the company’s first “Advancing Our Roads” gift card program in Arizona. Wednesday’s announcement takes place at Advance’s newest store in the market, which first opened to the public in October.

“We are very excited for this partnership”, says Commander Jay O’Neill with the Glendale Police Department. “This is a perfect example of a business stepping forward to help us not only educate our community but get them the aid they need to keep our roadways safer.”

Motorists receiving a gift card may use the card at Advance’s locations in Glendale, across the Phoenix market or online at [AdvanceAutoParts.com](https://www.AdvanceAutoParts.com).
