1.0 Project Description

On June 29, 2007, the Applicant initiated a request to amend the City of Glendale's General Plan (General Plan) on approximately 353 acres of the overall 473 acre property to allow for the future development of the Calabria mixed-use community. The Calabria project, which is interchangeably referred to hereafter as the Community or the Project, is situated less than one (1) mile east of Luke Air Force Base (Luke AFB) and less than five (5) miles west of the City of Glendale's Sports and Entertainment District which includes Jobing.com Arena, University of Phoenix Stadium, and the future Dodgers/White Sox Spring Training Facility. Refer to **Figure 1, Vicinity Map**.

Currently, the General Plan designates the land uses within the Project as Luke Compatible Land Uses (LCLU), Heavy Industrial (HI), and Parks and Open Space (P/OS). The Applicant is requesting a major amendment (the Amendment) to the General Plan on the portion of the property located outside of the 65 Ldn noise contour line from the Heavy Industrial (HI) land use designation to a variety of land uses that are intended to support the Applicant's vision of a planned mixed use project, including Planned Commercial (PC), Office (OFC), Low Density Residential (1.0 - 2.5 du/ac), Medium Density Residential (2.5 - 3.5 du/ac), and Medium-High Density Residential (8.0 - 12.0 du/ac). Refer to the "Area of Amendment" on **Figure 2, Proposed General Plan Map** for the portion of the Property affected by the requested changes. If the project were to develop at the highest point of each the density range on every residential parcel, the maximum number of units would be 963. However, it is anticipated the residential parcels will not reach the maximum density range due to the upscale character desired and existing site constraints. Refer to **Table 1, Land Use Budget** (on next page).

It is the Project Team's intent to preserve the LCLU designation on approximately 120 acres located within the 65 Ldn noise contour line at the northwest corner of the property and to promote the type of low-employee generating industrial uses desired by Luke Air Force Base within this area. Consequently, the LCLU employment area within the 65 Ldn noise contour is not technically a part of the requested amendment. The Applicant also intends to retain the Open Space designation currently shown on the City's General Plan, except that it requests it be expanded in acreage and realigned to conform more closely to the existing drainage patterns and vegetation.

As part of the community outreach for the General Plan Amendment application, the Project Team has prepared this Citizen Participation Plan (CPP), which is intended to outline the methodology and procedures to be utilized in notifying the public. Specifically, the CPP identifies the notification area, the techniques that will be used to inform property owners and other interested parties of the application, along with suggest possible areas of concern that may arise along with identify opportunities to discuss any concerns after the initial contact. In addition, the CPP outlines proposed schedule for sending out the letter of notification, tentative date/time for neighborhood meeting and completion of the Citizen Report Final Report summarizing the outcome of the entire CPP.

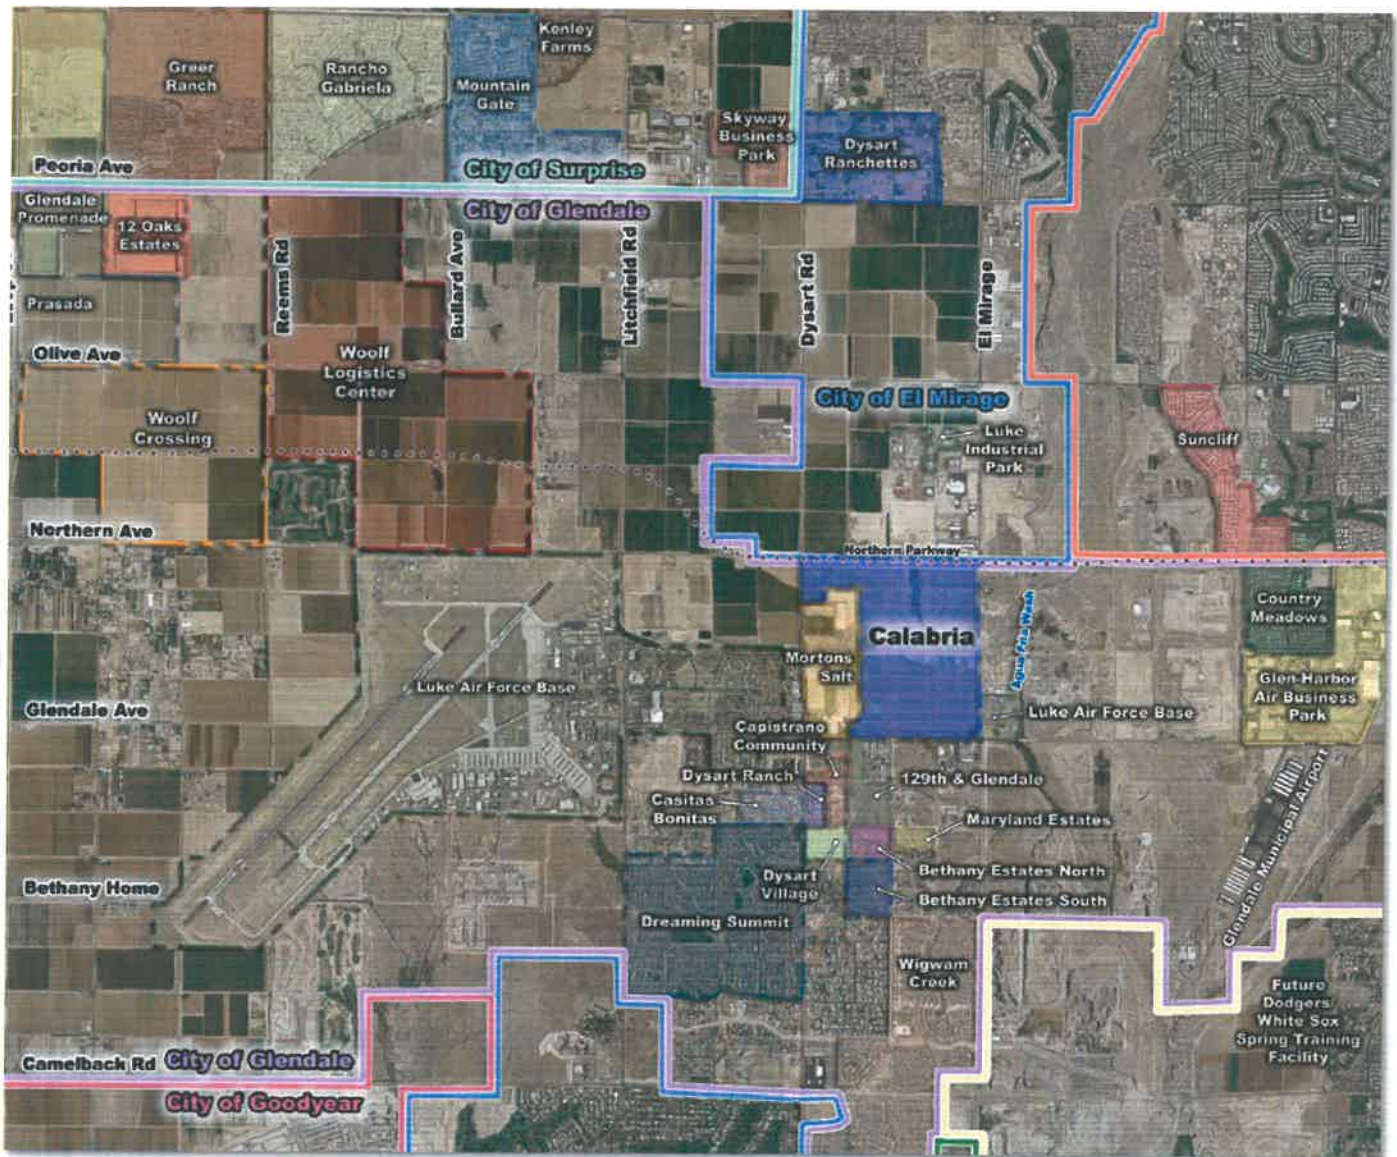

Figure 1 - Vicinity Map
(Refer to Figures Section for larger exhibits)

Table 1, Land Use Budget

Parcel	Land Use Category	Gross Acreage	General Plan Density Range	Min. No. of Units	Max. No. of Units
1	Luke Compatible Land Use	120.1	-	0	0
2	Parks and Open Space	11.7	-	0	0
3	Planned Commercial	48.6	-	0	0
4	Medium Density Residential	29.9	2.5 - 3.5 du/ac	74	104
5	Parks and Open Space	7.2	-	0	0
6	Medium High Density Residential	38.1	8.0 - 12.0 du/ac	304	457
7	Parks and Open Space	20.2	-	0	0
8	Low Density Residential	34.9	1.0 - 2.5 du/ac	34	87
9	Low Density Residential	31.0	1.0 - 2.5 du/ac	31	77
10	Parks and Open Space	18.8	-	0	0
11	Medium Density Residential	15.3	2.5 - 3.5 du/ac	38	53
12	Office	19.9	-	0	0
13	Low Density Residential	33.5	1.0 - 2.5 du/ac	33	83
14	Medium Density Residential	29.3	2.5 - 3.5 du/ac	73	102
15	Parks and Open Space	6.4	-	0	0
16	Planned Commercial	7.6	-	0	0
Total		472.6	-	587	963

Members of the Project Team are committed to working with the City of Glendale, surrounding neighbors, and any interested parties to ensure the compatibility and success of the Calabria project. By implementing the CPP, the Project Team seeks to resolve any areas of concern and welcomes input regarding the design, proposed land uses, or any expression of support for the Project.

2.0 Public Notification Technique

The most appropriate notification technique for this Project is a neighborhood meeting, including a formal presentation by the Applicant followed by questions from the floor. This setting will allow citizens the opportunity to ask questions and benefit from individual communication and interaction with the Project Team. At least one neighborhood meeting will be scheduled to convey technical information regarding the General Plan amendment and the project vision. A letter providing at least two (2) weeks notice of neighborhood meetings will be sent via first class mail to the neighborhood and all interested parties. The correspondence will include a brief description of the proposed general plan as well as, the time, date, and location of the neighborhood meeting. A Sample Notification Letter is provided in **Appendix A** of this report.

A second neighborhood meeting will be scheduled if significant issues, questions, changes, or amendments to the proposed development arise after the initial contact with the neighbors and interested parties. If a second neighborhood meeting is necessary, it shall be arranged and held in the same manner as the initial meeting.

Specifically, a second letter of notification will be sent to all neighbors and interested parties via first class mail identifying the date, time and location of the meeting. In addition to the first class mailing, the site will be posted.

In order to provide adequate notice to the community, a minimum of three on-site signs as requested by the City of Glendale Planning Department will be erected and maintained by the applicant as specified by the Site Posting Requirements guide. One sign will be provided along each of the following streets adjacent to the Area of Amendment: Glendale Avenue, El Mirage Road, and Northern Avenue (future Northern Parkway Alignment).

3.0 Notification Area

The City Citizen Participation Ordinance requires mandatory notification to all property owners within 300 feet of the exterior boundaries of the subject property, the head of any homeowner association or registered neighborhoods within 300 feet, and individuals listed on the Interested Parties list for the council district in which the subject property is located.

For this request, the notification area will include all properties within the approximate 1500 foot radius surrounding the Project. This is a significantly larger radius than the 300 foot radius required by the City Citizen Participation Ordinance. All property owners of record within the notification area described above will be sent a letter of notification. In addition, all registered neighborhood groups and homeowners associations within the area will be notified, as well as the individuals in the Interested Parties Citywide listing, and school districts within the property location.

The comprehensive list and map of surrounding property owners to be noticed, as identified by the Maricopa County Assessor's Office, is located in Appendix B. Also included in Appendix B are two Homeowners Associations located within the Project notification area. As referenced in Maricopa County Assessor records, the first is Capistrano Community Association located at 6720 North Scottsdale Road Suite 261, Scottsdale, AZ 85253. The second is Falcon View Estates listed as Maracay Bethany Estates II, 15160 North Hayden Road, Scottsdale, AZ 85260.

The City of Glendale Planning Department has provided the Citywide, Yucca District and Additional Notification Lists for this Project and are attached herein. Specifically, the Citywide Interested Parties and Yucca District lists are provided in Appendix C. Appendix D has the Additional Notification List including Dysart School District, City of Glendale staff, Luke Air Force Base and other interested parties.

4.0 Who will be affected?

The proposed Major General Plan Amendment may affect property owners and residents within a 1500 foot radius surrounding the Project along with the parties identified in the Appendices.

5.0 What are possible issues?

The main issue anticipated at this time is regarding informing the citizens about the future land use categories and proposed densities. Other items of concern may include:

- How will the development achieve a safe, secure, stable environment while maintaining friendly, supportive and wholesome place to live, work, and raise families?
- How will the proposed community character blend with, or be compatible with the existing community?
- What types of open space/recreational amenities will be provided? How will view corridors be preserved?
- Are there adequate school facilities?
- How will the Applicant ensure that safe and compatible development will occur within Luke Compatible Land Use designated areas?
- What methods will be incorporated to help reduce congestion and provide convenient access and use alternative modes of transportation?

6.0 Opportunities to discuss amendment if issues after initial contact

Individuals will have multiple opportunities to contact the Applicant and/or Glendale Planning Department for further information regarding the Project. An initial neighborhood meeting is planned with the option for additional meetings if deemed necessary. As referenced in Appendix E, Sign-In sheets and Comment Forms will be distributed at the neighborhood meeting. Feedback received after the meeting, including telephone calls, letters and email inquiries will be recorded by a designated person on the Project Team, summarized and submitted as part of the final Citizen Participation Report which is discussed in more detail below.

The applicant is also providing a telephone number, fax number and email address in the notification letter for a member of the Project Team, along with contact information for the City planner. Postcard notices will also be sent out including a telephone number, email address and the city's website address for interested individuals to contact City staff. Further, the case number and contact information for the Applicant and Glendale Planning Department will be posted on three (3) strategically placed signs within the Project boundary.

7.0 What if changes to the application occur after notification letters are mailed?

It is anticipated that changes may occur during the CPP process. Additional meetings, notification letters or correspondence using their preferred method of communication will be used to invite/inform property owners of upcoming meetings and changes to the proposed amendment.

8.0 Schedule for Completion of Plan

The timeline for the process between submitting the Citizen Participation Plan and the Citizen Participation Final Report will depend upon neighborhood feedback and review times of City of Glendale Planning Department staff. However, the Citizen Participation Final Report will be submitted to the City of Glendale's Planning Department prior to the notice of public hearing. The following schedule is tentative, and may be revised as necessary:

<u>Description/Activity</u>	<u>Date</u>
Submit Citizen Participation Plan	09-04-2007
Mail Notification Letter	09-17-2007 (*)
Neighborhood Meeting	10-01-2007(*)
Subsequent CP meeting as needed	10-10-2007 (*)
Submit Citizen Participation Final Report	10-16-2007(*)

(*) Indicates this date is tentative and subject to approval by City staff.

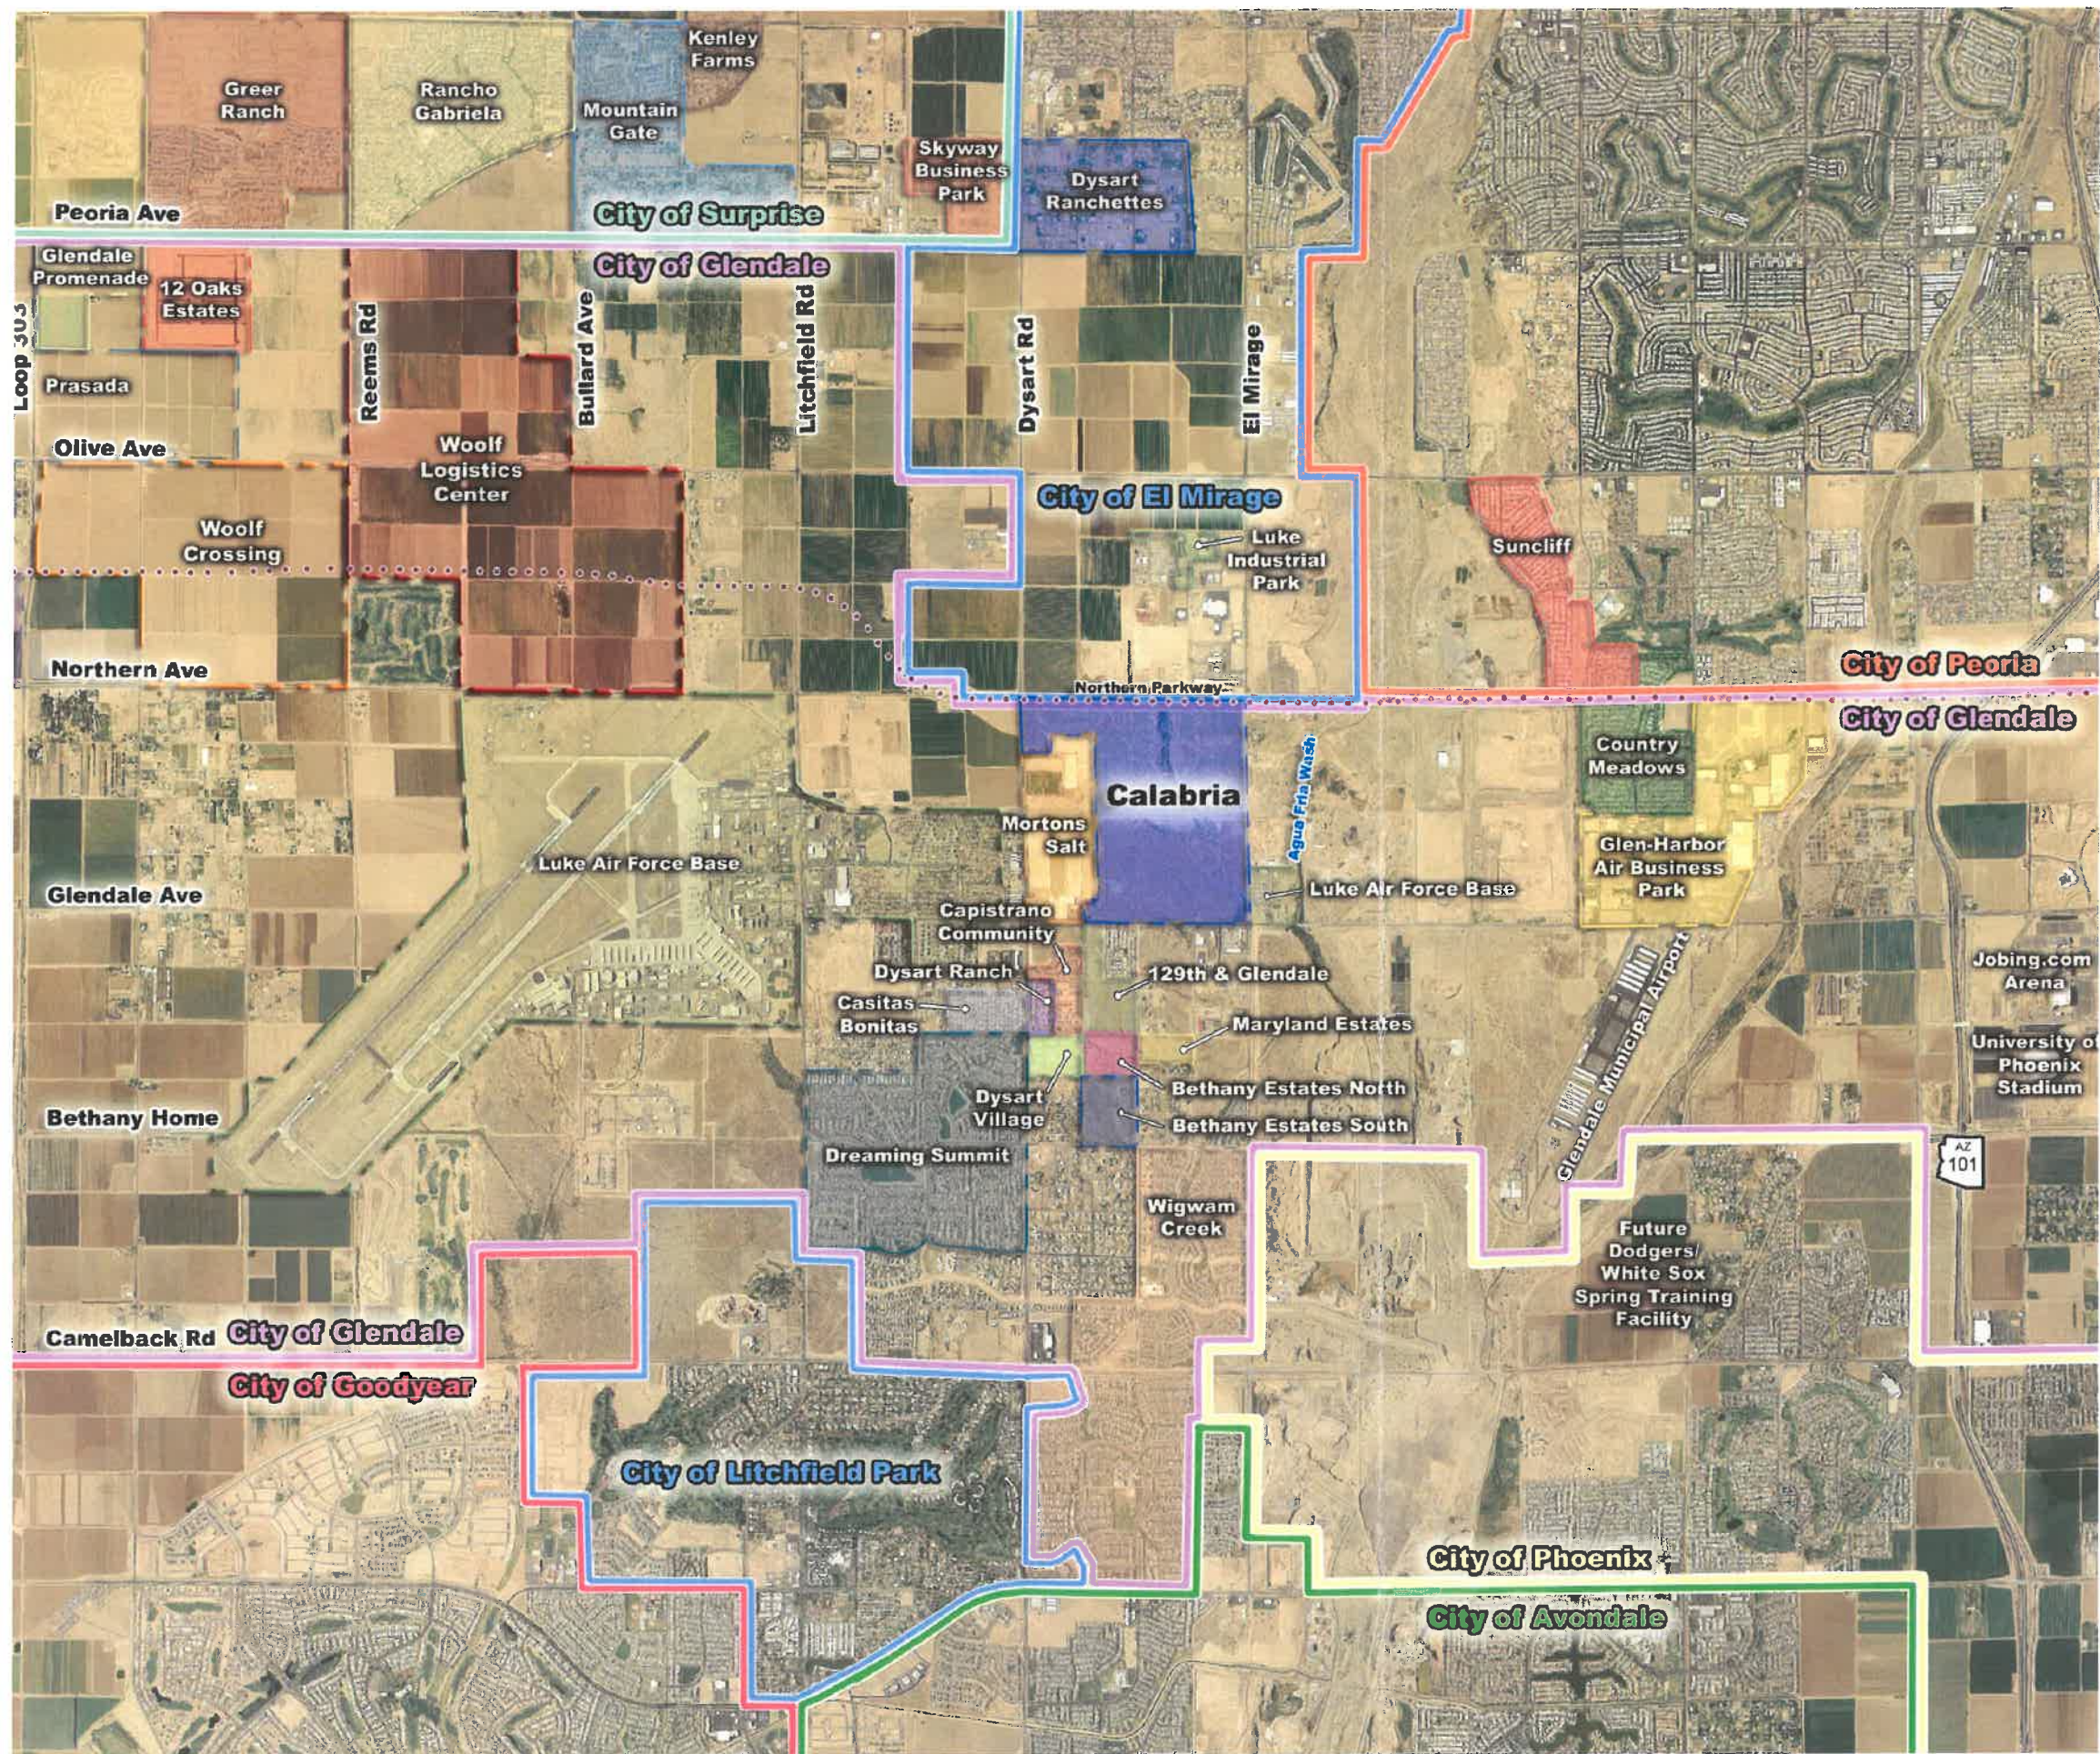

9.0 Citizen Participation Report

The Calabria Project Team will keep the City of Glendale Planning Department apprised of the status of the CPP via email, phone call, or other preferred method of communication. The results of the CPP will be included within a Citizen Participation (CP) Final Report. In order to complete the final CP report, the team will assign a designated person to keep a record of all inquiries related to the Project. The following documents will be used to complete the final report:

- The Sign-In sheets and Comment Forms in Appendix E, completed and returned to the applicant at the neighborhood meeting will contribute greatly to the citizen communication process. All completed forms and responses will be documented and included in the Citizen Participation (CP) final report.
- Concerns or questions and responses identified by telephone conversations will be documented via the Communication Record referenced in Appendix F. The records will be included in the final CP report.
- Concerns or questions received by mail or e-mail inquiries and corresponding responses will be documented. Copies of the e-mails and letters will be included in the final CP report.
- Any questions regarding City of Glendale's review will be directed to the City staff planner.

The information obtained during this process will be compiled and assembled into the Citizen Participation Plan Results Report per the City's standards. Descriptions of how the project team has addressed or intends to address perceived or real concerns, issues, and problems expressed during the public review process will also be contained in the Report.

Re: **Calabria**
Public Notification Letter for Major General Plan Amendment
City of Glendale Case No: GPA 07-07

Dear Property Owner or Interested Party:

The purpose of this letter is to inform you that CMX has recently filed a major general plan amendment (GPA) application on behalf of our client El Paso Natural Gas Company. The amendment encompasses approximately 353 acres of the overall 473 acre property to allow for the future development of the Calabria mixed-use community. The Calabria project is situated within the emerging in-fill growth corridor of the western portion of the City of Glendale, less than one (1) mile east of Luke Air Force Base (Luke AFB) and less than five (5) miles west of the City of Glendale's Sports and Entertainment District which includes Jobing.com Arena, University of Phoenix Stadium, and the future Dodgers/White Sox Spring Training Facility. Refer to **Figure 1, Vicinity Map**.

Currently, the General Plan designates the land uses within the Project as Luke Compatible Land Uses (LCLU), Heavy Industrial (HI), and Parks and Open Space (P/OS). The Applicant is requesting a major amendment (the Amendment) to the General Plan on the portion of the property located outside of the 65 Ldn noise contour line from the Heavy Industrial (HI) land use designation to a variety of land uses that are intended to support the Applicant's vision of a planned mixed use project, including Planned Commercial (PC), Office (OFC), Low Density Residential (1.0 - 2.5 du/ac), Medium Density Residential (2.5 - 3.5 du/ac), and Medium-High Density Residential (8.0 - 12.0 du/ac). It is the Project Team's intent to preserve the LCLU designation on approximately 120 acres located within the 65 Ldn noise contour line at the northwest corner of the Property and to promote the type of low-employee generating industrial uses desired by Luke Air Force Base within this area. Consequently, the LCLU employment area within the 65 Ldn noise contour is not technically a part of the requested amendment. The Applicant also intends to retain the Open Space designation currently shown on the City's General Plan, except that it requests that it be realigned to conform more closely to the existing drainage patterns and vegetation. Refer to the "Area of Amendment" on **Figure 2, Proposed General Plan Map** for the portion of the Property affected by the

requested changes. Based on the requested General Plan designations, there will be a net increase up to 459 housing units more than currently allowed by the existing R-43 zoning designation. Specifically, if the project were to develop at the highest point of the density range, the maximum number of units would be 963. However, it is anticipated the residential parcels will not reach the maximum density range due to the upscale character desired and existing site constraints.

Overall, the Applicant believes the desired residential mix will offer attractive housing opportunities, adding variety to existing neighborhoods, and serving as a catalyst for the improvement of the surrounding neighborhoods. We believe this Project will be very positive for this area as it will provide the City with the opportunity for quality growth within this quadrant of the planning region. In keeping with the Applicant's vision of a mixed use development, the Project is planned to act as an employment as well as a residential center. The majority of the proposed land uses within the 65 Ldn are light industrial related uses which compliment Luke Air Force Base's operations and conform to the General Plan's LCLU designation for that portion of the Project. The commercial and industrial parcels proposed as part of the project are intended to help diversify the employment opportunities available on this parcel which will accelerate the creation of jobs in the area.

We would like to invite you to the Calabria Neighborhood meeting listed below. Your suggestions or comments are very important to us and we will be happy to answer any questions regarding this proposal. Please join us at the Neighborhood meeting at the following location:

Location: Luke Elementary School
7300 North Dysart Road
Date: XX/XX/XX
Time: 6:30pm

If you are unable to attend the meeting, would like to learn more about the proposal, or express any interests or concerns, you are encouraged to contact me at (602) 567-1900. My email address is ldever@cmxinc.com and fax number is (602) 567-1901. You may also contact Thomas Ritz, Senior Planner with the City of Glendale Planning Department at (623) 930-2588.

Sincerely,

Lorie Dever
