

Showcasing the West Valley

August 5, 2016

Good Afternoon,

Due to the amount of rainfall that has fallen over the last several hours and the impact on the Murphy Park area we are canceling the Dog Days of Summer event scheduled for tomorrow, Saturday, August 6th.

Public safety and that of our four-legged friends is always the premier concern in our event productions. We believe the prudent choice is to cancel rather than subject our vendors and attendees, furry or otherwise, to the surface conditions that currently exist at the park.

We are heartbroken but feel this is the best decision for all involved. Our apologies to all our friends who participate or attend. Stay tuned for information regarding future scheduling of this event.

Warmest Regards,

Lorraine Pino

Manager, Glendale Convention & Visitors Bureau
