**NEW 10 MILLION DOLLAR GLENDALE  
HEALTH CARE FACILITY SPECIALIZES  
IN HIGH-END COMFORT**

**GLENDALE, Ariz.** – The city of Glendale has a new, luxurious health care option for patients before returning home from the hospital. Advanced Health Care of Glendale officially opens its doors at 16825 N. 63<sup>rd</sup> Ave., offering a resort-like atmosphere with 54 deluxe private suites, gourmet dining, 24-hour nursing care and inpatient and outpatient rehabilitation.

The 44,000-square-foot Glendale location is the company's third facility in Arizona. The \$10 million, state-of-the-art building is designed to give patients an upscale choice when it comes to choosing short-term rehabilitation and nursing services.

“We are very pleased Advanced Health Care selected Glendale as their location of choice, especially since health care is one of our targeted industries,” said Brian Friedman, Glendale Economic Development Director. “This first-class facility will manage more than 100 employees, bring a new source of revenue to the city and enhance the continuum of medical services in Glendale.”

“We are delighted to provide this opportunity to the residents of Glendale, and expand the availability of exceptional health care for patients in between hospital and home,” said Andy Frasure, Advanced Health Care Sr. Vice President of Operations. “Additionally, our Glendale facility is strategically located to accommodate Glendale's two main hospitals; bringing more quality health care and services to the community.”
