IMPORTANT TRAFFIC INFORMATION FOR UPCOMING CARDINALS GAME

GLENDALE, Ariz. – Football fans need to be aware of suggested routes and important traffic information that will help make this year's Cardinals season another success off the field.

Season ticket holders have received parking passes from the Arizona Cardinals with specific parking and traffic instructions. Maps to the assigned parking lots are printed on the back side of parking passes.

Here is information that fans need to be aware of for this season:

- Game day cash parking is available at the Glendale Renaissance Parking Garage and at Westgate City Center. Drivers must access the garage from the north, via 95th Avenue.
- Parking for single game ticket holders is at Kellis High School lot, located on the east side of 91st Avenue just north of Orangewood Avenue. Similar to last season, a free shuttle service will run between the high school and the stadium beginning two hours before game time and ending one hour following the game.
- The Brown Lot, which is south of Kellis High School is used for permitted parking only.
- Parking lots open four hours prior to kick-off.
- After the game, there will be reversible lanes on Maryland, west of 95th Ave, as well as 91st Avenue, south of 6250.

NEWS Glendale, az

“Fans should arrive early and plan out a route prior to arriving,” said Glendale Principal Traffic Engineer Debbie Albert. “Also, fans should not assume that the only approach to the stadium is to exit Glendale Ave. or Bethany Home Rd., but that there are other options such as Northern and Camelback Road that will allow people to gain access to the area.”

To safely move pedestrians in the area, 95th Avenue west of the stadium and Maryland Avenue between 93rd and 95th Avenues will be closed to vehicle traffic.

The city of Glendale has partnered with ADOT to provide real-time traffic information, and fans are encouraged to call **511** for updated traffic information.

Glendale Police will be directing traffic to establish a safe and steady traffic flow. Follow traffic signs for direction.
