INTERIM MANAGER NAMED AIRPORT ADMINISTRATOR

GLENDALE, Ariz. – After serving in an interim capacity for the past six months, Walter L. Fix has been named the airport administrator for the Glendale Municipal Airport.

Fix came to Glendale from the Phoenix-Mesa Gateway Airport where he worked for 10 years as director of planning and special projects and director of operations and maintenance. Prior to that, he worked for the City of Phoenix Airport system for 28 years. While with Phoenix, Fix held positions as airport manager at the Phoenix-Deer Valley Airport after working as operations manager and general aviation foreman at Phoenix-Sky Harbor Airport. Fix is an Accredited Airport Executive (A.A.E.) with the American Association of Airport Executives.

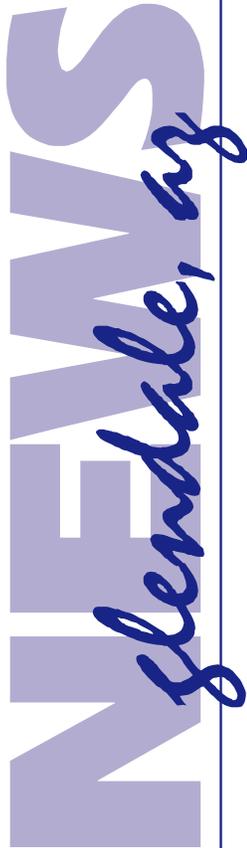

“I am pleased to welcome Mr. Fix permanently to Glendale,” Jamsheed Mehta, executive director of Transportation Services says. “Walt comes to Glendale with more than 30 years in aviation administration, and we are counting on his experience to continue to grow the airport to its fullest potential.”

Located just five miles west of downtown Glendale, five miles east of Luke Air Force Base, and 30 minutes northwest of downtown Phoenix, Glendale’s 477-acre modern airport features a beautifully designed two-story, 18,000 square-foot terminal, a Federal Aviation Administration (FAA) Contract control tower, a full-service restaurant and complete airport services for general aviation and corporate jet traffic.
