## PERSONALIZED GLENDALE WEB ALERTS

**GLENDALE, Ariz.** – Residents can now have information on city services delivered to their email boxes, with just the click of a mouse.

GlendaleAZ.com has added two new elements to its slate of online services. Web users can now sign up for Glendale Bulletins—an online information source that enables a resident to receive updates on Glendale news, jobs, council agendas and more.

Participants are able to choose which notifications they want to receive and how they want to be contacted (phone, fax, e-mail and TTY text telephone service).

It is simple to update the account information at any time by clicking on the “Sign Up for Glendale Bulletins!” tab at the top right of the browser. Enter the user name and password to access personal preferences where categories can be selected or removed.

Initial categories featured include: Glendale news; council agenda summaries; vendor registration for bid opportunities; monthly event calendars, Glendale 11 program guides, Luke Air Force Base bulletins, Office of the Mayor bulletins and job opportunities with the City of Glendale.
