## **FREE COMPOSTING CLASS OFFERED DURING NATIONAL RECYCLING WEEK NOVEMBER 13**

**Glendale, Ariz.** — As part of National Recycling Week, the city of Glendale Conservation and Sustainable Living program and Glendale Recycling Division are teaming up to present a free composting class on Tuesday, Nov. 13, at 6 p.m. at the Glendale Main Library, 5959 W. Brown St.

Class attendees will learn how to convert food and yard waste into compost that improves soil conditions, promotes plant health, and diverts organic waste from entering landfills. Glendale residents can enter a free raffle to win a compost bin, donated by the Glendale Recycling Division. Volunteers from the Maricopa County Master Gardener program and Valley Permaculture Alliance will be on hand to answer questions, share tips and provide resources.

The Conservation and Sustainable Living program offers residents a free Green-Living class each month with new topics, guest speakers and local experts. For a complete listing of the Green Living class series, visit [www.glendaleaz.com/green](http://www.glendaleaz.com/green). The classes are free, but advance registration is required by calling 623-930-3760 or emailing [bpatrick@glendaleaz.com](mailto:bpatrick@glendaleaz.com).
